1) Amendment of 3/25/04 has been entered. Claims 1-38 are pending and allowable.

2) The following is an examiner's statement of reasons for allowance:

The amendment of claims 1 and 18 has overcome prior art rejections of record.

Applicant's urgings regarding the 112, first paragraph rejection of record are convincing that the fusion protein need not be dissociated from the second sbp in the process of claim 1; it is further taken that such a dissociation step is not required for dependent claim 17 reciting "purified fusion protein", since "purified" is not recited as "purified to homogeneity" (e.g., as at spec. page 11, lines 5-6).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

- 3) Attached hereto, after examiner's signature, note claims index showing renumbering at issue.
